State: UTAH

TRANSFER OF ASSETS

1917(c) The agency provides for the denial of certain Medicaid services by reason of disposal of assets for less than fair market value.

1. Institutionalized individuals may be denied certain Medicaid services upon disposing of assets for less than fair market value on or after the look-back date.

The agency withholds payment to institutionalized individuals for the following services:

Payments based on a level of care in a nursing facility;

Payments based on a nursing facility level of care in a medical institution;

Home and community-based services under a 1915 waiver.

2. Non-institutionalized individuals:

— The agency applies these provisions to the following non-institutionalized eligibility groups. These groups can be no more restrictive than those set forth in section 1905(a) of the Social Security Act:

The agency withholds payment to non-institutionalized individuals for the following services:

Home health services (section 1905(a)(7));

Home and community care for functionally disabled and elderly adults (section 1905(a)(22));

Personal care services furnished to individuals who are not inpatients in certain medical institutions, as recognized under agency law and specified in section 1905(a)(24).

— The following other long-term care services for which medical assistance is otherwise under the agency plan:

TRANSFER OF ASSETS

3. Penalty Date--The beginning date of each penalty period imposed for an uncompensated transfer of assets is:
- X the first day of the month in which the asset was transferred;
- ___ the first day of the month following the month of transfer.
4. Penalty Period - Institutionalized Individuals--
In determining the penalty for an institutionalized individual, the agency uses:
- X the average monthly cost to a private patient of nursing facility services in the agency;
- ___ the average monthly cost to a private patient of nursing facility services in the community in which the individual is institutionalized.
5. Penalty period - Non-institutionalized Individuals--
The agency imposes a penalty period determined by using the same method as is used for an institutionalized individual, including the use of the average monthly cost of nursing facility services;
- ___ imposes a shorter penalty period than would be imposed for institutionalized individuals, as outlined below:
- No penalty for non-institutionalized individuals.

TRANSFER OF ASSETS

6. Penalty period for amounts of transfer less than cost of nursing facility care--
- a. Where the amount of the transfer is less than the monthly cost of nursing facility care, the agency:
- X does not impose a penalty;
- ___ imposes a penalty for less than a full month, based on the proportion of the agency's private nursing facility rate that was transferred.
- b. Where an individual makes a series of transfers, each less than the private nursing facility rate for a month, the agency:
- X does not impose a penalty;
- ___ imposes a series of penalties, each for less than a full month.
7. Transfers made so that penalty periods would overlap--
The agency:
- ___ totals the value of all assets transferred to produce a single penalty period;
- X calculates the individual penalty periods and imposes them sequentially.
8. Transfers made so that the penalty periods would not overlap--
The agency:
- X assigns each transfer its own penalty period;
- ___ uses the method outlined below:

TRANSFER OF ASSETS

9. Penalty periods - transfer by a spouse that results in a penalty period for the individual--

- (a) The agency apportions any existing penalty period between the spouses using the method outlined below, provided the spouse is eligible for Medicaid. A penalty can be assessed against the spouse, and some portion of the penalty against the individual remains.

If both spouses are institutionalized or placed on waiver at the same time, the penalty period would be equally divided between them. If one is institutionalized or placed on waiver after the first one, then the remaining value of transferred assets for which a sanction period exists would be divided between the two spouses and a sanction period set for each. If one spouse leaves the institution or waiver before the other while a sanction period is still in effect for each, the remaining value of transferred assets from the non-institutionalized, or non-waiver, spouse will be added to the value of the transferred assets remaining on the institutionalized or waiver client's sanction period, and a new sanction period recalculated. The spouse remaining in the institution or on the waiver will be sanctioned for the number of months determined by the recalculation.

- (b) If one spouse is no longer subject to a penalty, the remaining penalty period must be served by the remaining spouse.

10. Treatment of income as an asset--

When income has been transferred as a lump sum, the agency will calculate the penalty period on the lump sum value.

 The agency will impose partial month penalty periods.

When a stream of income or the right to a stream of income has been transferred, the agency will impose a penalty period for each income payment.

 For transfers of individual income payments, the agency will impose partial month penalty periods.

 For transfers of the right to an income stream, the agency will use the actuarial value of all payments transferred.

 X The agency uses an alternate method to calculate penalty periods, as described below:

The length of the sanction period will equal the value of the income transferred, divided by the average daily Medicaid payment rate.

TRANSFER OF ASSETS

11. Imposition of a penalty would work an undue hardship--
The agency does not apply the transfer of assets provisions in any case in which the agency determines that such an application would work an undue hardship. The agency will use the following procedures in making undue hardship determinations:
1. When a client is notified that a sanction will be imposed because of a transfer of assets, the notice will inform them of the undue hardship policy.
 2. When a client or representative claims undue hardship exists, the eligibility worker will review the claim to decide if undue hardship criteria are met.
 3. A client has a right to appeal the agency's decision.

The following criteria will be used to determine whether the agency will not count assets transferred because the penalty would work an undue hardship:

1. The client has exhausted all reasonable legal means to access or regain possession of the trust assets, or has demonstrated that efforts to access or regain possession of the trust assets would probably not succeed.
2. The client meets the following conditions:
 - a. Without Medicaid, the client would be unable to receive medical care and is at risk of death or permanent disability without the medical care; and
 - b. The client and the client's spouse or parent(s) of a minor child cannot afford to meet the cost of the client's medical needs at home.
